

Our 10 Distinctives.

What is it that sets Hills Adventist College apart from others?

The Adventist Advantage

Global Family.

We draw strength from 47 local Adventist schools and our massive global family of over 8,500 schools.

Hope for Eternity.

As a Christian school, we believe that a life centred in Jesus brings hope both now and for the future.

Active Community.

We actively engage in building community with students and their families.

Developing Leaders.

We instill students with confidence, a knowledge of themselves and the tools they need for effective communication and problem solving.

Individual Attention.

Our teachers not only care about their students but truly serve them with their best interests at heart.

Biblical Worldview.

We see the world through a Christian lens and emphasise a values based, wholistic education to give students the tools they need to succeed in life.

Serving Others.

We provide opportunities for students to serve others, believing that an outward focus is good for mind, body and soul.

Healthy Lifestyle.

We encourage good physical and mental health through a co-ordinated well being program designed to enhance student potential.

Genuine Care.

We take the time to get to know and understand our students, fostering in them a sense of belonging and involvement.

Strong Values.

We teach our students time tested, biblical values that shape hearts and minds, preparing them for all of life's challenges.
